DISCLAIMER

The report is prepared and disseminated by The Centre for Transport, Energy and the Environment (CTEE) and Adam Pekol Consulting (APC). While every effort has been made to ensure the accuracy of the analyses, the uncertain nature of some transport data is such that the CTEE and APC are unable to make any warranties in relation to the information contained herein. The CTEE and APC disclaims liability for any loss or damage that may arise as a consequence of any person relying on the information contained in this document.

ACKNOWLEDGEMENTS

This study was commissioned jointly by the:

- Department for Transport, Energy and Infrastructure (South Australia);
- Department of Transport and Main Roads (Queensland);
- Department of Planning and Community Development (Victoria);
- Department of Sustainability and Environment (Victoria)
- Department of Transport (Victoria);
- Bureau of Transport Statistics (New South Wales);
- Department of Transport (New South Wales); and
- Bureau of Infrastructure, Transport and Regional Economics.

The CTEE and APC acknowledge the assistance provided by the above stakeholders and data providers.

Photographs contained in this report were sourced from the public domain and vehicle manufacturers.

TERMS FOR THE USE OF CTEE & APC REPORTS BY EXTERNAL AGENTS

The user of this CTEE and APC report, having received a copy of the report for the purposes of work associated with the project/assignment commissioned by the entity providing the report, agrees that they will:

- return all copies of the report or parts thereof as well as provide the results/analysis to the original purchaser of the report prior to the completion of the project;
- not keep any copies of the report, parts thereof or the research results for further use of for supply to any other person;
- use the report or parts thereof in the manner specified in any contract associated with this operation.
